Am I My Brother's Keeper?

Henny Simon

A Colchester resident since the late 1940s, Henny has lived a life many can't comprehend, but far too many others experience around the world. During this Meeting House Forum come and listen to Henny's story as a Jewish refugee freed from Nazi Germany's death camps and her arrival here in Colchester. Come and hear her story as a former refugee trying to find a new life...truly a stranger in a strange land.

What does it feel like to be a refugee? Where does one find a place to rest, a home, a life? What was Colchester's response to refugees' needs in the past? How shall we handle our responsibility today? Come and show Henny your support!

The forum will include a presentation, time for Q&A, and discussion and refreshments afterwards.
