

Permission to Share Kindergarten Transition Information

The purpose of the Kindergarten Transition Information form is to create a smooth and successful transition to kindergarten for all of our Colchester children. Transition cards will be used by Colchester Elementary School to create balanced classrooms that will provide a positive school experience. Additionally, the cards will be shared with kindergarten teachers to assist them in planning for the first weeks of school. This permission form ensures that information from the preschool teacher can be shared with the kindergarten teacher to benefit the child. We believe a team approach is beneficial. Parent input is also encouraged and can be provided on the Kindergarten Parent Input Survey. We look forward to being your partner in education.

I give _____ permission to forward _____'s
(Program Name) (Child's Name)

Kindergarten Transition Information Form to Colchester Elementary School.

I have enrolled my child in Kindergarten. Yes No
