February 2019

Dear Parents:

On Tuesday, February 26th, 2019, all grade five students will participate in the Esteem Program throughout the day. Esteem is an interactive program run by high school students from Canton, Connecticut. These students visit and work with schools across the state teaching strategies for dealing with issues like bullying, Internet use, and peer pressure.

All grade five students and parents are invited to return to JJIS from 6:00 - 7:00 PM that evening (February 26th), as students will present some of their learning. Student presenters will be here at the evening presentation to work with your children to show their learning through skits, song, and sign language.

We understand that students have many activities and obligations. Please make every effort to attend this informative and exciting event.

Respectfully, The Grade 5 JJIS Teachers
